## WOODLANDS' FOLKS AND CITY'S HEADS WILL CONFER

Meeting to Be Held Wednesday  
Night for Discussion of  
Various Problems

Satisfactory solution of Verdugo Woodlands' present crying civic problems is expected to be reached at a conference scheduled for this Wednesday night between the mayor, city council and city manager and committees representing the people of that district. It was announced at a meeting of the Verdugo Woodlands Improvement association Saturday night.

John L. Bolens, president of the organization, revealed plans for a settlement which will give residents water at city rates and establish a fund necessary to bring gas mains into the canyon vicinity. R. D. Estes, owner of the Verdugo Woodlands grocery, made it known that it was a pleasure to have the people meet at his store.

### Progress Reported

James M. Rhoades, secretary of the Chamber of Commerce was present and outlined several of the civic problems now confronting the city while E. P. Sanders, assistant secretary, paid an eloquent tribute to the beauties of the Little Switzerland.

Committees reported progress and two suggestions by H. A. Graves, assistant manager of the William J. Burns International Detective Agency at Los Angeles, were heartily endorsed.

First, Mr. Graves wants police protection and it was suggested that a committee invite Ira J. Herbert of the Glendale Patrol and Fire Dispatch to survey the field and report on the possibilities of establishing a beat in that vicinity.

### For Mail Delivery

Second, Mr. Graves was appointed chairman of a committee to wait upon Postmaster D. Ripley Jackson and see if it would not be possible to have a mail carrier routed over the principal streets of the Woodlands, in order that deliveries could be made at boxes along the curb in front of each home.

## Myrtle Street Mystery Is Puzzling to Police

"Where is our wandering phaeon tonight," youth Mr. and Mrs. Robert Jensen of 369 Myrtle street, as they stood at the curb Sunday evening and looked at the place where they had parked the car.

It was gone—stolen—California top, everything Mr. Jensen had dreamed of more than \$5000 gone! Mrs. Jensen imagined everything he didn't.

The police were notified, but the number—it was forgotten. At last Mr. Jensen had a happy thought. "You have the number at the station. A patrolman tagged me the other night for parking in front of the Palace Grand."

Then the Auto Club was notified and in a day or two it is expected that the big machine will be back in its own little garage. If the thief happens to see this, he is requested to have the radiator fixed before the engine is damaged.

## William E. Gordon Ill With Influenza

Mrs. William E. Gordon of 324 West Elk avenue has received word from her husband, who is attached to the Pacific fleet, that he will be unable to attend the marriage Tuesday of her sister, Miss Grace A. Gaudie, to Frank E. Burway, as he has been ill with influenza at the Naval hospital at Bremerton, Wash.

Mr. Gordon was to have a farewell to come south to attend the wedding. His many friends here were disappointed to learn that he will be unable to attend. He writes that the "flu" is prevalent in Seattle.

Miss Gaudie's marriage to Mr. Burway will take place at the Catholic church, the service being performed by Rev. Father O'Neill.

## Willmot K. Sarr Hit by Auto; Leg Broken

Willmot K. Sarr, son of J. L. Sarr of 112 East Raleigh street, had a leg broken and received other injuries yesterday afternoon about 1 o'clock on Windsor road between Glendale avenue and Adams street when he was struck by a Ford truck driven by H. T. Reid of 1011 Acacia avenue. Mr. Reid asserted that he had not seen the boy on account of a parked moving van which obstructed his view. His car skidded some distance before coming to a stop.

## MRS. WHITE IS HOSTESS

Mrs. John Robert White of 347 North Orange street was hostess Saturday afternoon to the members of the Magnolia Parent-Teacher association. Matters pertaining to P. T. A. work were discussed and a social hour enjoyed. Mrs. H. V. Henry sang "Mother o' Mine," accompanied at piano by Mrs. Hughes. Mrs. Archibald, president of the first district was present. At the close of the afternoon refreshments were served.

## SEASON'S RAINFALL 22.27; GARDENS GET BENEFIT

Plentiful Supply of Water Now  
Being Stored for Use in  
the Summer Months

**RAINFALL FIGURES**  
(Reported by H. E. Bartlett)  
Storm . . . . . 3.30  
Season to date . . . . . 22.27  
Last season to date . . . . . 8.12

Southern California evidently has borrowed some of Oregon's climate. Rain brought by a storm which drenched that state last week and sprinkled northern and central portions of California "arrived" in Glendale overnight.

From light to heavy precipitation was reported throughout the southland, although it was not heavy enough here to cause any damage or marked inconvenience. It did make it advisable for motorists to use skid chains. At noon today terrestrial torrents were flooding the streets and many shoppers were caught unaware by the fresh onslaught.

**Will Do Much Good**  
According to rainfall figures kept by H. E. Bartlett, there has not been greater precipitation in a season since 1915. The consistency of the downpour today will do untold good and practically no damage. The entire southern portion of the state is thoroughly soaked and snow in the high Sierras will provide a plentiful supply of water for irrigation and power.

The forecast for this section of the state given out by Col. H. B. Hersey of the Los Angeles weather bureau states that there will be showers the balance of today and tonight. Clearing weather is coming, however, the rains being over in the northern part of the state.

**Gardeners Pleased**  
Gardeners are more than pleased with the prospects of spring planting this week in a soaked soil which will be easily worked. All of which suggests the question:

Have you planted your garden yet? It is a good rainy day's occupation to plan to grow something according to R. E. Downing, of Downing & Cox, nurserymen. Two hours spent spading a garden daily is sure cure for spring fever, he advises.

On account of the frost this year, there will be many shrubs and trees to be replanted, nurserymen say, and the demand for them is making fast inroads on the available supply as the propagators lost heavily also.

## Mrs. S. B. Morse Gives Bridge Club Luncheon

Mrs. S. B. Morse of 143 South Everett street was luncheon hostess Friday to the members of the Foster Bridge club. After a delicious four-course luncheon cards were enjoyed. The luncheon table was very attractively decorated with red roses.

And guests were Mrs. Boss Snyder of Chicago and Miss Elma Miess. The club prize, a black satin card table cover, was awarded to Mrs. Lapham, and guest prize, a corsage bouquet of violets, to Miss Miess.

## G. M. Lincoln Plans to Erect Apartment

Mr. and Mrs. G. M. Lincoln and daughter Mary Lenore arrived in Glendale the middle of last month for a visit with the former's parents, Mr. and Mrs. H. S. Lincoln, 227 North Jackson street. Coming from the middle west where business opportunities were few, the younger Mr. Lincoln immediately saw the chance of investing in a flat building here. Finding none to buy, he bought the vacant corner lot at Kenwood and California streets and already has construction arranged for the building.

## Today's World News In Brief

(By International News Service to Glendale Evening News)

**MEMBERS OF IRISH REPUBLICAN ARMY ARE RELEASED**  
BELFAST, Feb. 20.—The Irish republican army, members of which were seized by Ulsterites while on their way to a football game at Londonderry, were released this morning and were given a military escort to the free state border, said a dispatch from Derry.

**FIRST OF PARLEY TREATIES FAVORABLY REPORTED**  
WASHINGTON, Feb. 20.—The first of the conference treaties, that which settled the long standing dispute between the United States and Japan over the island of Yap, was favorably reported to the senate today by the foreign relations committee. The committee voted the treaty out 10 to 1, Senator Key Pitman, democrat, of Nevada, casting the only dissenting vote.

**MRS. SANGER TO BE PERMITTED TO LAND IN JAPAN**  
TOKIO, Feb. 20.—Mrs. Margaret Sanger, noted advocate of birth control, will be permitted to land in Japan despite the refusal of the Japanese consul-general at San Francisco to vize her passport, it was learned officially this afternoon. The official refusal of a vize is regarded as a flint to Mrs. Sanger that she is not wanted here and will not be allowed to advocate birth control if she persists in coming, although she will be allowed to land.

**USE GUNS TO QUELL RIOT AT SPINNING PLANT IN R. I.**  
PAWTUCKET, R. I., Feb. 20.—Riot guns were used today in a strike riot in front of the plant of the Jennings Spinning company. The trouble started when workmen on their way to work in the J. & P. Coates mill were mistaken by strike sympathizers for strike-breakers going to the Jennings plant. The workmen had been surrounded by strikers and sympathizers when police arrived and scattered the crowd.

**ASKS HARDING NOT TO ACCEPT LANDIS RESIGNATION**  
WASHINGTON, Feb. 20.—President Harding was asked today by former Congressman Benjamin F. Welty of Ohio, not to accept the resignation of Kenesaw Mountain Landis as judge of the federal court at Chicago. If Landis should be permitted to retire at this time, Welty declared in a letter to the president, it would be impossible to impeach him for accepting the position as high commissioner of baseball, should congress pass a law making it necessary for a federal judge to confine his activities to his judicial duties.

**DELEGATES DO NOT PROPOSE THIRD PARTY, CLAIMED**  
CHICAGO, Feb. 20.—Approximately 250 delegates representing labor, farmer and "progressive" organizations from all parts of the United States assembled here today in a conference called to discuss plans for concerted political action. It was evident that at the outset of the conference a "third party" is not in contemplation. The opening session was a "closed" affair, but later sessions were to be open to the public.

**MUST BECOME AMERICAN TO WED MATHILDE MCCORMICK**  
CHICAGO, Feb. 20.—Max Oser, middle-aged riding master of Zurich, Switzerland, must become an American citizen if he weds Miss Mathilde McCormick, daughter of Harold F. McCormick, head of the International Harvester company, and granddaughter of John D. Rockefeller. This stipulation has been imposed, it is understood, by the aged Standard Oil magnate as the only basis upon which he would consent to the marriage of Miss McCormick, who is 16, to the Swiss horseman. Rockefeller, it is understood, is strongly opposed to international marriages, but gave his consent on condition that Oser swear allegiance to the United States.

**EXPECT HARDING TO REPLY TO SENATE'S DEMAND**  
WASHINGTON, Feb. 20.—President Harding probably will send a reply late today to the senate's demand for information as to the secret negotiations that led up to the consummation of the four-powered Pacific treaty. The information was requested by Senator Hitchcock last week. The president and Acting Secretary of State Fletcher held a long conference this morning over the matter and it was indicated at the White House following their meeting that the president's action would follow late today. The Hitchcock resolution called for records and data, but it is believed that the president's communication will inform the senate that none are available.

**ANOTHER OUTBREAK OCCURS IN IRELAND'S ARMY**  
DUBLIN, Feb. 20.—The second mutinous outbreak in the Irish republican army was reported today from Tipperary. The South Tipperary brigade issued a proclamation similar to that of the Middle Limerick brigade on Saturday. "The Irish republican army is determined to rouse the nation from its lethargy to resist the treacherous inclusion of Ireland among British possessions," said the Tipperary proclamation. Just before news was received of the Tipperary trouble the ministry of defense in the provisional government had announced that steps were being taken to prevent a repetition of the Limerick mutiny when the recalcitrant brigade issued a proclamation refusing to recognize the heads of the I. R. A. and the provisional government.

**ANOTHER 'MYSTERY WOMAN' IN TAYLOR INQUIRY**  
LOS ANGELES, Feb. 20.—A woman who claims to know of a bitter quarrel between another woman and William Desmond Taylor a few days before he was murdered was summoned to the district attorney's office today to tell her story which was expected to furnish new clues in the investigation of the mystery slaying. Precautions were taken to keep the woman witness' identity secret as she informed Chief Deputy District Attorney W. C. Doran that she would not appear unless she was assured that her name would not appear in connection with the investigation of the case. The woman told Doran that she knew both Taylor and the other woman with whom, she said, he quarreled several days before he was slain. The quarrel, according to the woman, occurred at Taylor's home and worried the director considerably. It was said that if the woman's story warranted the move the other woman, who quarreled with Taylor, would be located immediately and questioned by District Attorney Woolwine.

## MUCH STREET WORK NOW BEING DONE, SAYS COUNCIL

List of Improvements Now Under  
Way and Contemplated  
Furnished by City

The following is authorized by the city council:

At the present time, Glendale has a campaign on for street improvements such as has never been known since she became a city. The attached list shows a total of ninety-six pieces of street work ordered by the council, under way or actually completed since July 1, last. Under the new policy, it is not necessary to obtain a majority petition for the opening or improvement of a street before the same may be done; although this is desirable. If, however, at any time the council finds that a certain piece of street work is imperatively needed, they order it begun without awaiting the petition.

The street department is now well equipped to handle any ordinary job of street paving, particularly the reconstruction of old streets. Accordingly at any time an extensive campaign of resurfacing our streets could be undertaken if only the necessary funds were available for the purpose. A call for bond issue for the necessary revolving fund is contemplated in the near future. It is probable that the street department will undertake the construction of the new swimming pool in the Patterson avenue park, thus saving the contractor's profit to the people of Glendale.

Streets that have been ordered improved by the council since July 1, 1921:

Columbus Ave.—Vine to Broadway.  
Columbus Ave.—Broadway to Arden.  
Kenilworth Ave.—Broadway to California.  
Colorado St.—Pacific to San Fernando Road.  
Mariposa St.—Windsor Road to Acacia.  
Forest Ave.—Glendale avenue to Brand.  
Oak St.—Central to Kenilworth.  
Broadway—Pacific to San Fernando Road.

## Glenn Knowles Tells of Gas Well Disaster

Glenn Knowles, of 1425 East Second street, Long Beach, who was visiting friends in Glendale over Sunday, gives a very vivid word picture of the gas well at Santa Fe Springs that has caused such a sensation for the past few weeks. The first terrible blaze was extinguished by the use of dynamite, but today it was burning fiercely and such a large aperture was made by the dynamite, that it cannot be used now to any effect. The roar is heard twelve miles away, and the fire is becoming quite terrifying to the farmers of the entire country for miles around.

Glenn was accompanied by his parents, Mr. and Mrs. H. S. Knowles, brother, Fred, and aunt, Mrs. Glendams of Idaho Falls, Idaho, who is spending the winter in Long Beach.

## CARL J. BUTCH, GLENDALE GUEST, GIVES INTERESTING INFORMATION ON BUSINESS IN CHINA REPUBLIC

Says There's Grateful Feeling Towards Americans  
Result of Missionaries' Work; Chinese Women  
Unenlightened; Children Stay At Home

EARLY peace for China, that is the prediction of Carl J. Butch, who has just returned from the orient as district manager in North China for the National Aniline Chemical Company, and who is a guest at the home of his wife's father, William A. Howe, 317 Patterson street, and it is expected that Mrs. Butch will arrive here Thursday. They made a record trip from Tien Tsin to the States.

Intimate information on commercial conditions in the Chinese republic, especially in the northern part centering at the capital, Peking, is given by Mr. Butch in an interview with a representative of The Glendale Evening News. He said in substance:

"About a year ago when the great flood and famine, in which thousands of people died, America did a great work through its welfare agency in providing grain and other foodstuffs to the stricken populace. And by that token this country has made a tremendous impression, even upon the most humble inhabitants of the interior.

**Business Is Good**  
"Politically, this relief work by the missionaries and others has assisted this country tremendously. It showed the people that the Americans were intentionally good and not barbarians, as they had believed. Business, as a result, has been very good because of this grateful feeling.

"The north of China, with the national capital at Peking, is opposed to the southern part of the republic with Canton as its center. They will have to bridge over these civil difficulties and political differences, because the country is in need of financial assistance. Otherwise they cannot expect money from the bankers in the foreign countries. Every hope is now expressed by the leaders that within the next three months they will come to an understanding.

**Rev. John C. Davidson  
Is Here From Orient**

Rev. John C. Davidson, who has just arrived from the Orient, is a guest of his sister, Mrs. Julius Soper and her family, of 1395 North Maryland avenue. Rev. and Mrs. Davidson and Rev. and Mrs. Soper were married at the same time, and sailed for the Orient together, in 1873, where they were all engaged in service under the Board of Foreign Missions of the Methodist church.

The Sopers returned to the United States eleven years ago, but Dr. Davidson has lived almost continuously in Japan for forty-nine years. He was retired from active service, in Kumamoto, Japan, a year ago, at the age of 78, and since that time has made his home with a daughter and her family, in Sookchow, China. The daughter, who is now a widow, will come to California early in the summer and with her father plans to make their home in Berkeley.

Dr. Davidson is enjoying very good health and will visit the Sopers for a couple of weeks. He will also visit relatives in Garvanza.

A., which was held at the school Friday, coming on February 18, was also observed by that organization as the twenty-fifth birthday anniversary of the National Congress of Mother and Parent-Teacher associations. Preceding the business meeting a social hour was held. Richardson D. White spoke on the founding of the National Congress of Mothers.

One of the features of the afternoon was a large birthday cake lighted with twenty-five candles. Owen Emery gave a talk on patriotism. The musical program was given by a group of high school girls and included local selections by Isabel Tousey. "When My Car Training Rested," by Gwendolyn Warner. "Bring Your Heart's Ease," and "Delicate Air," accompanied at the piano by Marjorie Yarik.

In the absence of the president, Mrs. William Alexander, the meeting was in charge of Mrs. O. W. Esselman.

## Lacy W. Hoge Now in Training Division

Hoge, who has been a patient at Thornycroft for the past six months, was released from that institution last week by the Federal Compensation board of Los Angeles and has been placed in a training division by the Vocational Training board. He has elected to become an embalmer and has been placed under the supervision of Emil Kiefer of the Pulliam Undertaking company of this city. The two men are well known to each other, both of them having been associated with a number of recent activities of the Glendale post of the American Legion.

Mr. Hoge, who has been declared cured of the illness which sent him to the local hospital, resides with his wife and three children at 431 West Colorado boulevard. Prior to his enlisting in the army Mr. Hoge was a resident of Los Angeles. He was gassed while serving with the American Expeditionary Forces in France.

## George Tells Tale of Pat, Mike and Bobcat

W. B. George made a good story applicable to Glendale and Southern California at the Rotary club meeting here the other day.

"Pat and Mike went out hunting for a bobcat," he related, "and when they got the animal treed Pat suggested that Mike go up and chase it down."

"Mike performed his mission and when he saw Pat below with bobcat in a terrible struggle, he called out: 'Sure, and do you want me to come down and hold the kitty for you?'"

"No," yelled Pat, "all I want you to do now is to get me loose from it."

"That's the way it is in southern California," concluded Mr. George. "When you once get here you can't stay away. It must be the climate or something, for I have eleven children and seven of them already are residents of this state, and you all know the old saying: 'Seven come eleven.'"

## 40 Cents Per Word Paid for Her Essay

When it comes to getting a price for writing, Mrs. Lillian Noyes Brown of 171 North Eagle Dale, Eagle Rock, claims to hold a record for essayists in this vicinity.

Forty cents a word is what she scored in the recent "Stardust" contest, for her 250 words on this photograph brought her second prize of \$100. Less than six weeks ago she won a \$150 electric washing machine for a little longer essay.

Best of all, however, Mrs. Brown still has the opportunity of winning part of the \$5,000 offered in the national "Stardust" competition. This picture will be seen at a local theatre soon.

Seventeen species of shark, some of them twenty-five feet in length, inhabit the Pacific ocean.

## COMMENT THAT'S ALL

Get Acquainted Cautiously  
Imitating the Millionaires  
Improvement for Streets  
Elephant To Be Ticked

By Gil A. Cowan

HAD you been among the 250 fortunates who enjoyed the Chamber of Commerce forum dinner Thursday night it is possible that you would be getting acquainted with your neighbors today instead of attending strictly to your own business.

This getting-acquainted idea is great—really wonderful—provided your husband or wife knows the acquaintances and is satisfied with financial, mental and moral responsibility. There's where the rub comes.

Just about everybody comes to California, rather southern California. There are the high brows, the low brows, the busy people and those who have retired. Now you can't mix some drinks and make them taste good. And you can't get some people into the same boat without tipping it over.

Likewise, when you are getting acquainted be sure of yourselves and avoid difficulties later.

Personally, I like to get acquainted. Yet a person has to be a psychoanalyst (or a psychopath) to meet and greet everyone without skidding the least bit.

Like cutting a corner in a motorcar, one may be going the least bit too fast and land in a heap on the curb. As a result I often fail to tip my hat to many women for fear I might be so indiscreet as to be mistaken in thinking I knew them!

And once having read of a San Francisco man who killed a reporter for talking to his wife, you can draw your own conclusions.

It affords a great deal of pleasure to the layman to read Adela Rogers St. John's article on the "wild parties" among the movie people. The utter frankness with which she tells the story is very convincing. Of course, some of them drink, she says. And who doesn't, she argues.

Well, you know some who do and some who don't and those who don't you suspect first, too. And you can believe that drinking nowadays is simply a "style" set by millionaires mostly—and the film players being born imitators like to ape the style of the wealthy.

The improvement of streets was lightly touched upon by one of the speakers at the Chamber of Commerce forum dinner.

There is one thing that the city administration must never lose sight of outside of its care for the electric light and water departments.

Every available man and every available cent should be used in the improvement of streets if really values are not to decrease.

When it becomes impossible for a person to motor up to the curb in front of his own home—and such is the case on several of the side streets west of Central avenue—there is something to be done about it.

Within the next year or two or decade the torch of civilization will be held aloft by California!

Such was the prediction of Dr. Remsen DuBois Bird in his speech here recently. What a wonderful picture is painted by the great artist—that of the west awakening the sleeping millions in the Orient to their duty!

Not unlike the mouse which tickled the elephant.

Chief of Police James W. Everington, the distinguished Glendale citizen who is now keeping peace in Los Angeles, must believe in the shinnies!

According to the papers there is a big police shakeup. It would be great to see a policeman shaking a wicked shoulder.

Speaking of policemen and dancing, there is a humorous situation existing here. The two Georges—Detectives Delgado and Herda—are now assigned as chaperons for high school parties. All the youngsters know them and get along well with them and everything ends happily.

## K. of P. Plans Big Program for Tuesday

On February 19, 1864, in Washington, D. C., the order of Knights of Pythias was founded by Justus H. Rathbone, the main purpose of which was to promulgate a more cordial social relation between the north and the south—wishing to obliterate the antagonism between the two sections of the country at the close of the civil war.

To commemorate this event the Glendale lodge, No. 331, Knights of Pythias, will present a program at their Castle Hall, corner of Park avenue and Brand boulevard, next Tuesday night at 8 o'clock to which the public is invited. Music, dancing and singing will feature the program.

## Local Postal Clerks Perfect Organization

Postal employees here are now organized as a branch of the National Association of Postoffice Clerks and Letter Carriers. Up to the present time the local force has been officered under the jurisdiction of the Angel City branch. ## Kids Find Puddle of Water, Then—Splash!

"Hey, Skinny! Did you see the big mud puddle at the Intermediate school Friday?"

It's a safe bet Skinny did. So did Tubby and every other kid.

For the broken water pipe that caused all of the excitement made a regular pond, causing the teachers more or less uneasiness as the youngsters hopped over it, around it, and—Alexander Chase of 400 Riverdale Drive was the only one who essayed to take a bath in it.

Oh, yes, he was rescued, but his mother made him take another bath when he got home!

## Local Drama Section Will Present Plays

At the meeting of the district board of the Federation of Women's clubs, which was held in Los Angeles Tuesday and was attended by Mrs. R. E. Chase, drama curator of the Tuesday Afternoon club and chairman of drama for the district federation, action was taken requesting that the three one-act plays, "Poor Old Jim," "Glory of the Morning" and "Mrs. Ritter Appears" be put on at the district convention to be held in Santa Monica, March 28, 29 and 30. This will be the representation of the Tuesday Afternoon club at the convention and will be given the evening of March 30 as a fitting finale to the three days' activities.

The members of the club feel honored in having been requested to have this program given by one of the sections as the honor was entirely unsolicited and many other clubs in the district had offered to present various plays. These three plays were presented by the section some time ago at the Glendale theatre, and were later put on before the members of the Redondo Beach Women's club and also the Wednesday Morning club of Los Angeles.

## TWILIGHT RECITAL FOR ORGAN FUND MUCH ENJOYED

Excellent Program Given and  
Music Lovers Show Their  
Keen Appreciation

The second twilight subscription  
recital at the Glendale theatre for  
the organ fund of the Holy Family  
church drew a packed house of music  
lovers who had been awaiting the  
date with much anticipation.  
The program opened with a piano  
and organ duet from "Peer Gynt,"  
with Pr. A. Carson at the organ and  
Harry Girard at the piano. John  
Marquardt, the violinist, played two  
numbers by Bazzini, and was encored  
twice by the delighted audience.  
Henri La Bonte sang the "Aria"  
from Faust and chose Speak's "Man-  
dala" as his second number, putting  
a very genuine bit of "British  
Tommy" into the verses and carry-  
ing his hearers Orientward on the  
lonely refrain.

Numbers Please  
Frank C. Egan was received with  
considerable applause for many were  
present who had fully appreciated  
his number at the first recital. He  
read "Sandalphon," a legendary  
poem by Longfellow with a musical  
background by Harvey W. Loomis.  
His second number was "That Old-  
Fashioned Song," by James Whit-  
comb Riley, and there were lines in  
it that tugged at the hearts of young  
and old.

The numbers sung by Mr. and Mrs.  
Harry Girard included soprano and  
baritone duets and two very lovely  
numbers where Mrs. Girard sang  
with violin obligato played by Mr.  
Marquardt. Paul Carson at the organ  
and Mr. Girard at the piano, the  
"Love Song" by Hollman being one  
of the best and most appreciated  
numbers on the program.  
Verdi's "El Forza del destino," a  
duet for tenor and baritone was sung  
by Henri La Bonte and Mr. Girard  
as the seventh number and the finale,  
the "Quartet" from Rigoletto, was  
sung by Mr. and Mrs. Henri La  
Bonte and Mr. and Mrs. Harry  
Girard.

Audience Appreciative  
The very best thing about these  
Twilight Recitals has been the size  
and evident appreciation of the au-  
diences. This alone has convinced  
the artists that their talents have been  
given to a worth while cause and the  
finance committee of the organ fund,  
of which Peter L. Ferry is chairman,  
is beginning to feel more and more  
confident that the success will be  
two-fold.

The cathedral organ will probably  
be installed during the next few  
weeks and will stand as a lasting  
memorial of the generosity of the  
artists who give of their talents and  
the people who give of their money  
in order to bring something more of  
beauty to Glendale.

**LIVING LIFE OVER AGAIN TOPIC OF DR. H. C. FUNK****Would Be Very Monotonous to Repeat Everything, Is Belief of Minister**

"Living life over again" was the theme of Dr. H. C. Funk yesterday morning at the Lutheran church. "Many are living a life like a masquerade ball," declared Rev. Funk. "But soon the lights will suddenly go out; God will tear away the mask; the merry, hollow, jealous, Godless life will be laid bare. "Let us consider what it would mean to live life over again. After passing through some great trial, I have heard men say that they wouldn't go through it again for anything, that they couldn't stand it. A friend of mine went back to the old home, his fatherland, to spend a year. He came back again in three months. It was too lonesome. He didn't like it. That's the way it would be if we allowed to go back over our own lives.

**Lack of Interest**

"My friend, Mr. Bartell, an eminent carver, says that he never makes the same pattern twice because when he goes over a design twice, he loses interest, enthusiasm and inspiration. So, I apprehend that if we could go over our lives again we would find them very monotonous.

"The Lord knew what was best when he made things so that we never pass this way again. The fact is that, if a man wastes and squanders his present life, the probabilities are that he would do the same again. "Many have passed to the other side. To go back and over your life would be to postpone meeting them.

**Profit by Experience**

"How far back do you suppose you would have to go to get a good start? The Bible says that the sins of the fathers are visited upon the sons to the third and fourth generation. "No, you can't go back over your life, but you can do that which is infinitely better—make a better use of the present time. Profit by experience.

"When you come out from the city, and the car is behind time, does the conductor back up to Los Angeles and try it over? No, the motorman puts on more speed and tries to make up lost time. You can't go back but you can begin to live right now."

**J. McCartney's Mother Is Taken by Death**

Many persons in North Glendale will hear with regret that Mr. and Mrs. Jack McCartney of Orange and Burchett streets, have received word of the death of Mr. McCartney's mother, who passed away very suddenly last Thursday, at the home of a daughter, near Philadelphia. Mrs. McCartney spent nearly two years here with her son and has many warm friends in Casa Verdugo, where she was a very active member of the Ladies' Aid society of the Casa Verdugo Methodist church. She went east to visit her daughters, she suffered an attack of the "flu" which left her with heart complication, which was the cause of her death.

**Dramatic Arts Studio Somewhere in Glendale**

Where is the Dramatic Arts studio? Somewhere between 101 North Cedar street and 730 South Glendale avenue.

"I think ours is the only studio in the United States on wheels," exclaimed Miss Aline Simmons recently. "Yes, classes are being held as usual—but the one can get used to a lot of things."

Mrs. Evelyn M. S. Labadie, director of the studio, expects to have the first recital at the new address on March 4.

**Music Provided by Primary Department**

At the Sunday school session of the Christian church Sunday morning fifty-two members of the primary department furnished the music to a very appreciative congregation. Their ages range from 9 years down to the little tots of 2 years. They showed the result of excellent training in the rendition of "Night and Day" and a Scripture Song, with verses recited in conjunction. Miss Laura Wilford Brown is in charge of this department.

**Iowa Folk to Hold Picnic Wednesday**

Glendale families from Iowa today are packing their lunch baskets preparing for the big annual picnic Wednesday in Lincoln park, Los Angeles.

Judge Charles S. Crail, president of the Iowa Association of Southern California, will preside and is in charge of the arrangements. Governor William D. Stephens and Herbert C. Hoover are both scheduled to speak.

**LAW SECTION TO MEET**

The parliamentary law section of the Tuesday Afternoon club will be held Thursday at the home of Mrs. W. H. Verity, 511 West Broadway.

Japan Art &amp; Tea Co. will have opening day tomorrow, rain or shine. Everyone invited.—Adv.

**Carl J. Butch Tells About Chinese Affairs**(Continued from Page 1)  
pected that their first-hand information on the foreign powers' attitude will eliminate any further question about the settlement of internal affairs in a way that will be satisfactory to the world.

"Then China will develop fast, because things have been hanging fire for two years and they must have manufactured products. Since America has been influential in straightening out matters with Japan, it further advances the prestige of this country.

"Like in any other country, things are quiet from a strictly business standpoint, but everything looks brighter now and there are always large exports from China, practically all of the silk and other northern products being shipped to the United States. Chinese trade possibilities have never been exaggerated.

**Proper Organization**

"The more the American manufacturer and exporter goes after this business the better for everybody. The machinery line, for instance, has been touched but slightly. Dyes in almost any amount could be sold, but I found that you must have the proper organization to handle the peculiar trade and have a thorough understanding of the Chinese methods.

"It is up to the manufacturer to study their problems and give the Chinaman what he wants and needs and be able to meet any competition as far as service is concerned. They will find that the people of the interior are very conservative and yet it cannot be changed, but want just what they are accustomed to. While the Japanese is easily modernized, it is just the reverse with the vast population of China.

"There are opportunities existing for young persons or adventurers, provided they know the specialized branches of industry now prevalent in the Orient. Engineers, electricians and skilled in navigation are in demand, but motor mechanics, as well as other more recently developed trades, had better wait until highways are built.

**Hospitals Swamped**

"The medical profession offers the greatest opportunity for the young man seeking experience in China. Hospitals are open but a few weeks and then swarm like a beehive. The Chinaman is beginning to realize the value of medical science and surgery.

"Except for the treaty ports and other centers where the foreign influence is felt, the Chinese woman still is uneducated, although I must say that their family life seems ideal, other things being considered. The children stay at home and a parent does not have the care entailed in America."

**PREPARE FOR GREAT TRIP, ADVICE BY REV. C. A. COLE****Future Ahead, Unknown Land Awaits Coming, Says Pastor In Sunday's Sermon**

"Sandals for the journey" was the topic of Rev. C. A. Cole yesterday morning at the Central Christian church.

"The past is irrevocable; the future is before us," declared Rev. Cole. "We may not draw the curtain. It is truly an unknown land. How shall we prepare ourselves to go into it? We know that tasks await us. Could we draw the curtain and look at some of them we would give up the journey. Yet, if we are followers of Christ, we must not shrink from burdens and responsibilities—not because we are made of finer stuff than others but Christ is our strength. Of ourselves we are not sufficient. To set out on the journey alone and unprepared will be too much for us. Our feet, unshod with the preparation of the gospel of peace, will refuse to walk except on the green sward or the soft places of the road.

**Secret of Its Strength**

"Did you ever try to pluck a cockle from the rocks? It is the very symbol of weakness and yet it resists all your efforts to disturb it. The winds and tempests that thunder against the rocks, roll past without dislodging it. Where is the secret of its strength? Even its weakness—the vacuum beneath that tiny shell is what secures it.

**Reward to be Given**

"The gold must be tried in the furnace. The bell must be beaten with hammer and sledge before it is rung in the belfry. Blessed is the man, who endures temptation, for when he is tried he shall receive a crown of life."

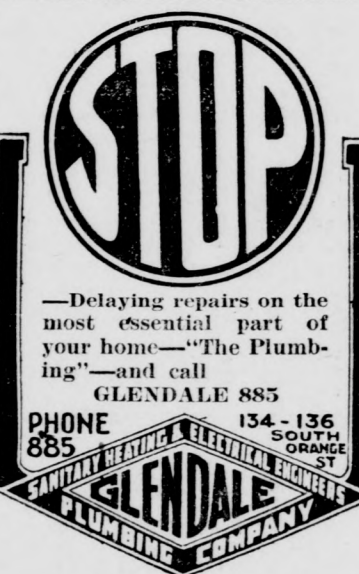

"We are never alone in the hour of trial unless we choose to be. If we yield to temptation, it is because we refuse help from God. For He is not far from each one of us. On the sea, on mountain or plain, in the beautiful sunshine or in torrent and rain, in swarming or cold, in sorrow or gladness, in your closet or amid the tumult of the crowded street—God is there."

Paper cans given away tomorrow to small children, rain or shine.—Adv.

# J. M. Rhoades Stabs Self in Right Foot

"Another puncture."  
That is the excuse Secretary James M. Rhoades of the Chamber of Commerce gives for his limp today. He stepped on a nail and seriously injured his right foot.

Just a week ago he drove a screw driver into his left hand, while adjusting a spark plug on his motor car.

That's what one would call a run of hard luck.

# Japanese Art and Tea Store to Have Its Opening Tuesday

The Japan Art and Tea Company's store at 135 South Brand boulevard will have its formal opening tomorrow "rain or shine."

This is the first Oriental store in Glendale and no effort has been spared to make it one of the most attractive establishments in the city. A long-time lease has been taken on the property and the management is desirous to welcome residents of Glendale to the store and to make them feel at home.

"Glendale is growing very fast and becoming more cosmopolitan all the time," stated K. T. Kuranaga this morning. He stated that before having this store fitted out he had made a trip by auto across the entire country to ascertain if any store were better equipped than the one he had in mind. He returned convinced that his original idea was the best to be found.

Fixtures for the store were made by the Glendale Mill, 226 Geneva street, and interior decorating was done by Harry Moore, 304 East Broadway.

The tea and coffee department of this establishment is especially compact and well arranged. The counter supports both a coffee and a peanut butter mill. The entire equipment is right up-to-date.

The Japan Art and Tea company expects to be able to give extraordinarily quick service and to sell the highest grade merchandise at reasonable prices. It will specialize in neatness. The management feels that the store is as "good as any first-class city store, and one of the finest in the United States."

Besides tea, coffee and spices, a complete line of Oriental goods is carried in stock, consisting of baskets, china, lacquer work, bronze, Satsuma ware, vases and lanterns and many other objects of Japanese art. Oriental carpets and rugs are to be found here, also.

Mrs. Tsuruyu Kuranaga, who will take charge of the store as soon as she recovers from an illness, is a graduate of the Christian university of Deshi at Kioto.

As a souvenir tomorrow the children will be given oddly-shaped paper caps bearing the red seal of the high master of Los Angeles, and of which both Mr. and Mrs. Kuranaga are members. This souvenir is a duplicate of the ancient headgear of Japanese knights. According to legend, during the civil war of Japan, a number of knights had their metal headgear stolen from them while at a banquet. Before going into battle, they hastily made caps for themselves out of paper similar to these souvenir caps.

# GREAT SECRET OF PRESIDENT PLACES PAUL'S SUCCESS IS REVEALED

Rev. W. E. Edmonds Tells of Verses That Enlighten As to 'Man of God'

"If the epistle to the Philippians were a letter to you, you would read it all at once," said Rev. W. E. Edmonds yesterday morning at the Presbyterian church in his prelude to the third sermon on the epistle.

An extract from chapter four formed the special subject: "I have learned in whatsoever state I am therewith to be content. I know both how to be abased and to abound. I am instructed both to be full and to be hungry, both to abound and to suffer need. I can do all things through Christ which strengtheneth me."

"These verses form the great secret of Paul's success," declared Rev. Edmonds. "They show why he had been chosen. He was the man God wanted. If you are looking for success, look out to get in the line of God's will—that's the place to succeed."

**Realm of Spiritual**  
"In every device of utility back of it somewhere has been an idea. Now look in the realm of the spiritual. The secret of the Lord is with them that fear Him." Our human programs are inadequate; they don't go far enough.

"Certain secret orders are in the world holding rituals secret to themselves. Paul belongs to the secret order of believers. He says: 'I have been initiated in the secret for all sorts and conditions of life. I can do all things—through Christ which strengtheneth me.'"

"This was not the first secret opened to Paul. Back yonder God had revealed to him the mystery. 'Christ in you the hope of glory.' This is for those who have learned to live in the secret place of the Most High. This you cannot get in schools or from a philosopher; you get it nowhere but with the Lord. A no creed or code lies this secret but in union with the living Christ."

**Equal to Emergency**  
"Look through this epistle and you will find revealed to him the incarnation. God made man knowing all of our life. This secret from Him will fit into all of our life, all our adverse circumstances; He is equal to any emergency."

"The Brooklyn bridge is adjusted for heat and cold; its expansion and contraction are exactly provided for. Temperature and position. Are you adjusted to all the extremes of life? Who ever heard of a believer adjusted to God's will who went all to pieces."

Measure Likely to Pass But Responsibility Will Not Be With Administration

By J. E. JONES  
Special to The Glendale Evening News.

WASHINGTON, D. C., Feb. 20.—The conference on the limitation of armament has ended, and everybody went back home rather happy over the results. The speech of President Harding at the closing session was a summing up of results that he pronounced wholly satisfactory. His statement with regard to armed preparedness ranks with the famous "too proud to fight" utterance of his predecessor. But he got away with the declaration that although he once believed in armed preparedness that "I have now come to believe that a good deal of satisfaction out of President Harding's reference to the possibilities of agreements among nations, by the process of having the peace table arranged before instead of after the fighting. Speaking to the departing delegates at the Armament Conference, he said:

"No intrigue, no offensive or defensive alliance, no involvements have wrought your agreements, but reasoning with each other to common understanding. The very atmosphere shamed national selfishness into retreat. Viewpoints were exchanged, differences composed, and you came to understand how common, after all, are human aspirations; how alike, indeed, and how easily reconcilable, are our national aspirations."

It is announced that the senate will proceed to ratify these treaties as speedily as possible. While there will be opposition there are no indications at this time of the probability of a protracted struggle being staged.

**President and Bonus**  
President Harding took the responsibility last year of postponing the soldiers' bonus bill. Readers in congress have joined with the American Legion and the powerful political interests of the country in urging the president to come out in support of the bonus at this time. To all entreaties, Mr. Harding has answered Congress.

The soldiers' bonus bill will be reported to congress, and it is likely to pass. It is not expected that President Harding will veto it, but he will insist that no responsibility for its enactment shall rest upon his administration.

Congress has given up the idea of linking the bill with the allied debt. Bond issues have been considered, but this method of financing the measure seems to be unpopular. Chairman Fordney, in a statement following a recent meeting of the Ways and Means committee, admitted that all forms of taxation in connection with the bonus were discussed, "with the exception of taking China and Japan," he added.

A formidable form of opposition to the bonus bill is found in some of the farmers' organizations, and some of the leaders have protested to congress "against any more taxes."

**In Role of Physician**  
You will always find the railroads and the farmers sitting on the doorstep of Uncle Sam waiting for office hours to begin. Both the railroads and the farmers are always saying to Uncle Sam, that if you will do "so and so" we will be all right. This has been going on for at least a generation with the result that it has been proved that Uncle Sam is a poor physician. His patients are alleviated, their joints creak, and they look as though any more medicine might kill them. A few months ago the administration pointed out that the financial picture of the country was through measures to finance the railroads. More than seven hundred millions of dollars has been paid to the railroads in connection with the period of public control, and this small sugar-coated pill has apparently had no effect on the patient.

The farmers have captured enough of congress to actually hold an effective balance of power, and to enable them to write laws just about as they wish. One day they have marketing measures, the next day they regulate the packers, the Federal Reserve Board and the Federal highways. Uncle Sam as a physician gives them everything they ask for. But it all seems of no avail.

For a good many years a large group of strong-minded men have preached the doctrine that constant

# Betty Compson Star in Paramount Film

Now at T. D. & L.

"I'll move to her hotel—get intimate with her? I'll powder and paint and bleach my hair? I'll live her life, whatever it is! And somehow I'll wing the truth from her!"

Those who enjoy a mystery, love and thrill, in good measure, will be well pleased with the Paramount picture, "The Law and the Woman," which was shown with great success at the T. D. & L. theatre last night. Betty Compson is the star and Penrhyn Stanlaws was the producer.

In the role of Margaret Roffe, Miss Compson has one of the most effective emotional parts of her screen career, portraying a courageous and faithful wife who saves her husband from the electric chair by inducing the real criminal, a woman, to confess to a murder. Cleo Ridgely of Glendale is in the supporting cast. This feature will be shown for the last time tonight.

"The Saturday Night Review," an especially engaged troupe of saxophone artists of extraordinary talent appeared at the evening performance and caused a sensation—a whirlwind of popular jazz music. Among the musical selections played to the enjoyment of the T. D. & L. theatre patrons were "Wabash Blues," "My Dream of You," "Shadowland" and others. "The Saturday Night Review" will be held over by the management of the theatre for the next three days and with a complete change of music they will appear each evening only: Tuesday, Wednesday and Thursday during the showing of Cecil B. DeMille's greatest picture, "Saturday Night."

legislative interference would eventually kill any of Uncle Sam's patients. The farmers and the railroads seem to be striking evidences of the proof of this belief. Even senators are recommending to the sick industries of the country that they "try the economic law" instead of the legislative palliative.

# Cotton Growers Hard Hit

They point out that fixed rates and definitely prescribed methods of conducting the railroads amounts to nothing less than "price-fixing," even though it is termed "government control." They also indicate that "price-fixing" with regard to farm products during the war was the real beginning of the agricultural upset, because it produced an artificial boom in land values and fictitious values in the ownership of farm lands. The new necessities could not be met through the simple process of farming the land. During the boom the land speculators farmed each other; but when price-fixing ceased and the foreign demand for grains and products fell off the bottom dropped out of the whole situation, and all the tinkering that congress could do has not stopped the leaks.

The cotton growers of the south have been hard hit, and have rushed to Washington for relief. They, too, have been disappointed.

Cuba had a boom in sugar, and when its bubble broke the island was bankrupt. Cuba rushed on to Washington and met with considerable encouragement in "borrowing itself out of debt." But Cuba isn't through, and the American Sugar Refining company, which has manipulated sugar weights and measures for a great many years, appears to be among those hit, inasmuch as it discontinued paying dividends.

# PRAYER OBLIGATION TOPIC OF SERMON BY DR. CRIST

Three Forms Are Told During Pastor's Discourse Sunday at Methodist Church

"Our obligation to pray" was the subject of Dr. C. M. Crist's discourse yesterday morning at the First Methodist church.

"You will notice," said Rev. Crist, "that I use the term 'obligation.' While prayer is a privilege, it is an obligation, also. This prayer life is a wonderful challenge to us. It lifts us up to such a world-wide vision. I am reminded of an incident one summer when in Southern California and stood upon old Grayback and watched the glorious vision of a sunrise.

"Let us consider what prayer is. It is not persuading God. It is not all necessary for us to influence God in bestowing blessings upon us for He is more willing to bless than we are to desire. It is God, who takes the initiative and awakens within us the desire.

**Three Forms of Prayer**  
"There are three forms of prayer: First, the prayer of communion and fellowship; second, the prayer of petition, a definite request for some need; third, the intercessory prayer. The first two forms are subjective, the last objective—the climax of prayer."

"It is on the mountain peak that one gets the wide view of a lost world and one experiences with Christ that deep concern, when looking over Jerusalem. He lamented their wickedness. It is through prayer and faith that we receive the one great inlet of power—the Holy Spirit."

**Increase Effectiveness**  
"There is only one inlet but several outlets: Through our influence; through our service; through our benefactions; reaching the climax of outlet through earnest intercessory prayer. It is one of the greatest contributions that we can make to the world."

"So let us look unto God and say, 'Teach us How to Pray.' It will increase our effectiveness in service."

year. The fertilizer companies are fighting for dear life.

Somebody in analyzing industrial conditions has wisely commented that "there is no shortage in misfortune." But it is a safe prophesy to say that those who recover first will be the industries and concerns that have the privilege of figuring out their own methods for beating back, and in the processes of which they encounter the least amount of contact with the remedies prescribed by Doctor Uncle Sam.

## HIGH SCHOOL GLEE CLUBS WILL GIVE FINE CONCERT

Alfred Kastner, Harp Soloist, to  
Aid in Program to Be  
Given on February 24

The girls' and boys' glee clubs of  
Glendale Union high school, under  
the direction of their leader, Z. Earl  
Meeker, will present a program Fri-  
day night, February 24, assisted by  
Alfred Kastner, harp soloist of the  
Los Angeles Philharmonic orchestra.  
Mr. Kastner is a virtuoso harpist  
who has made familiar to the music  
world the compositions which have  
been written for this instrument by  
such masters as Saint-Saens, De-  
bussy, and many others. In London  
he was harp soloist of the Queen's  
Hall concert, principal harpist of  
the Covent Garden Opera and pro-  
fessor of the Royal Academy of  
Music. At one time he was pro-  
fessor at the Budapest Royal  
Academy. His fame as a musician is  
international.

### Some Excellent Voices

The Girls' Glee club has a mem-  
bership of thirty-five and Boys' Glee  
club has sixteen enrolled. Since the  
opening of school these organizations  
have been training in preparation  
for such an opportunity as this con-  
cert will afford and Mr. Meeker feels  
that a number of excellent voices  
have been developed during this  
period.

The program for this occasion will  
be composed of choral compositions  
by Tosti, Nivin, Purcell, Lang, Bur-  
leigh, Handel, DeKoven, Danzosh  
and Lennan. The ensemble selection  
will be "The Wedding Morn" from  
"The Rose Maiden."

Mr. Meeker is looking forward to  
the concert with keen anticipation.  
He feels that Glendale Union High  
school is quite fortunate in having  
secured for the soloist such an artist  
as Mr. Kastner.

## Masquerade Ball to Be Given by Elks

The entertainment committee of  
Glendale Lodge of Elks No. 1289, of  
which Joe Bellue is chairman, and  
which also includes Jack Hearnshaw,  
W. B. Kelly, E. P. Hayward, Harry  
Whaley and Robert Jensen, are mak-  
ing preparations for the annual mas-  
querade ball for members of that or-  
ganization and their ladies, which  
will be held at the local clubhouse  
Saturday night, February 25. Cost-  
ume prizes will be awarded.

### PLANS FOR OPEN HOUSE

At the meeting of St. Mark's Guild  
of the Episcopal church, held in the  
guild hall Thursday afternoon under  
the direction of the president, Mrs.  
Mortimer Baker, plans were made for  
the open-house and Martha Washing-  
ton party to be held at the church  
February 22 to get acquainted with  
the newcomers to this city. Mrs.  
Helen Campbell has been appointed  
chairman of the entertainment com-  
mittee and Mrs. B. O. Holbrook  
chairman of the refreshment com-  
mittee for that night. At yesterday's  
meeting it was also decided that be-  
ginning in March the members of the  
guild will serve a business men's hot  
lunch once a week at the guild hall.

Work like the dickens

No; I'm on the night shift; do  
not like to get up early. But, Oh  
Boy, I do believe in advertising.  
That's why I can always say "Busi-  
ness is Good."

BE PREPARED—Whether you  
know it or not, there is some "flu"  
in town.  
If you feel achey and sore all over,  
a running of the nose, a slight fever,  
send for a doctor or get a box of  
Whitaker's Cold Capsules. A few  
doses relieve that achey feeling, re-  
duce the fever and you'll feel better  
in no time. Box 50c.

## 'The Unfoldment' Is Given Preview Here on Glendale's Screen

"The Unfoldment," which was  
shown at the Glendale Theatre yes-  
terday, where it remains for today,  
would be interesting if it were far  
less commanding of plot and fascinat-  
ing of theme than it is, for it brings  
back to the screen Florence Law-  
rence. She is charming, appealing  
and very sincere in the role of Kath-  
erine Nevin, who is transplanted, by  
adversity, from a luxurious home to a  
newspaper office, where she comes in  
close touch with tragedy, sorrow, in-  
justice and dishonesty.

She is loved, in a commanding  
way, by the city editor, her brother,  
a cub reporter, loves the daughter of  
the paper's owner. He is a supreme  
egotist and a man of great power.  
The paper is backing a political can-  
didate with a black record, which  
they hope to offset by producing a  
motion picture showing the candidate  
as the soul of honor.

Katherine is given the assignment  
of producing the picture, instead of  
which she daintily makes a film  
showing up everyone in their true col-  
ors. When these people see them-  
selves as others see them, they are  
inspired to higher ideals that lead to  
a happy solution of several difficult  
situations.

Al St. John provides the comedy  
of the program in "The Happy Pest,"  
an uproarious travesty on "Way  
Down East." News, chats and top-  
ics complete the bill.

## PROTEST FILED ON HARVARD SCHOOL IN ATHLETICS

Local Officials Make Objection  
To Admittance of Academy  
In Central League

A protest against Harvard Military  
Academy being admitted to the Cen-  
tral league by the California Inter-  
scholastic Federation was expressed  
last Thursday afternoon at a special  
meeting of league officials attended  
by Principal George U. Moyle and  
Coach Norman C. Hayhurst.

Under a recent ruling of the C. I.  
F. Harvard Military Academy, a  
private school, was granted the priv-  
ilege of participating in the league  
track meet, but was barred from  
sharing honors in the championship  
meet of Southern California, al-  
though it was conceded that its ath-  
letes might contend as "free lances."

This decision brought up the com-  
plication as to what would happen  
in case Harvard should win the  
league meet. Mr. Moyle expressed  
an opinion that a vast amount of  
bookkeeping would be required to  
register the points made in the cham-  
pionship meet.

Neither Mr. Moyle nor Mr. Hay-  
hurst are pleased at the prospect of  
having Harvard in the league.

Claude C. Downing, coach at Al-  
hambra, was selected baseball man-  
ager for the league. He will begin  
his duties at the close of the track  
season.

Stating that they were well pleased  
with the athletic developments  
brought about by the light weight  
football and basketball teams, the  
creation of a second team for base-  
ball was endorsed. Weight will not  
be taken into consideration in this  
team but all its members must be  
freshmen. It will be known as the  
junior team.

In order that some of the smaller  
schools in the league may participate  
in San Fernando's invitation track  
meet April 8, the date of the league's  
annual track meet, which will be  
held on the Occidental field, has been  
moved forward one week to April 1.  
Besides Glendale, high schools in  
this league are Covina, Citrus Union  
at Azusa, Monrovia, Alhambra, South  
Pasadena, and Franklin.
